# ABOUT US

**ALFA RESURS OU is a premier trading house specializing in anthracite, chemicals, and industrial oils. Located in Tallinn, Estonia, we have been a trusted supplier of quality products since our establishment in 2015. With a clear focus on delivering value, we provide customized solutions to industries across the globe.**

**Our anthracite products are specifically designed for the metallurgical sector, ensuring superior performance and efficiency. For household and construction needs, we offer an extensive range of chemicals that streamline processes while optimizing costs. Additionally, our industrial and motor oils are engineered to provide maximum output and longevity.**

**At ALFA RESURS OU, we believe in building lasting partnerships with our clients. Our vision is to support industries with reliable and cost-effective solutions, contributing to their growth and success. Trust ALFA RESURS OU to be your partner in progress.**
